DETAILED ACTION

1. The Applicant's amendment filed on December 1, 2008 was received. Claims 4 and 16 were cancelled. Claims 1, 5, 17, 18 and 19 were amended.
2. The text of those sections of Title 35, U.S.C. code not included in the action can be found in the prior Office Action issued on July 29, 2008.

Claim Objections

3. Claims 17 and 18 are objected to because of the following informalities: The instant claims are dependent upon a cancelled claim. Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

5. Claims 1-3,5-15,17-19 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application

was filed, had possession of the claimed invention. The phrases "first means for injecting...", "second means for injecting..." and "means for circulating..." are not disclosed in the instant specification. If applicant believes said terms are fully defined, it is requested that applicant indicates column and line, and/or figure with number, identifying the support of the recitations.

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claims 1-3,5-15,17-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

8. Regarding claim 1, the word "means" is preceded by the word(s) "for injecting...", "for injecting...", and "for circulating..." in an attempt to use a "means" clause to recite a claim element as a means for performing a specified function. However, since no function is specified by the word(s) preceding "means," it is impossible to determine the equivalents of the element, as required by 35 U.S.C. 112, sixth paragraph. See *Ex parte Klumb*, 159 USPQ 694 (Bd. App. 1967).

Claim Rejections

9. The claims rejection under 35 U.S.C. 102(b) as being anticipated by Tsunoda (EP 62,256,382) as applied to claims 1, 2, 4-9, 15 and 16 is withdrawn because claim 1 is amended.

10. The claims rejection under 35 U.S.C. 103(a) as being unpatentable over Tsunoda (EP 62,256,382) as applied to claims 1, 2, 4-9, 15 and 16 above, and further in view of Ritts et al. (2003/0049511) on claim 3 is withdrawn because claim 1 is amended.

11. The claims rejection under 35 U.S.C. 103(a) as being unpatentable over Tsunoda (EP 62,256,382) as applied to claims 1, 2, 4-9, 15 and 16 above, and further in view of Heller et al. (2008/0044721) on claims 10-14 is withdrawn because claim 1 is amended.

Response to Arguments

12. Applicant's arguments with respect to claims 1-3, 5-15, 17-19 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

13. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
